

Children of Mr W. M. Brown

Waranga Chronicle

17 April, 1885

It is with extreme regret that we have to record the death of two of Mr W. M. Brown's children, who succumbed from an attack of diphtheric croup.

Great sympathy is expressed for the bereaved parents.

Without given names, this is difficult. There are three entries (six deaths) in Rushworth cemetery records which indicate two Browns buried in the same grave. Margaret and George Brown are in one, Leslie and Olive are in another. The third may be discounted.
